In regard to the fingerprint on a leaflet OSWALD had distributed, which is mentioned in referenced communication, the following observations are being set forth:

NO 100-16301

In paragraph five of WEISBERG's letter to Deputy Attorney General KLEINDIENST dated 9/15/70, WEISBERG indicates that OSWALD picketed the carrier "Wasp" and indicated that during this picketing OSWALD distributed leaflets. The FBI obtained a copy of the leaflet and identified a fingerprint on it as not being OSWALD's.

Investigation relating to this incident was conducted and the results set forth in New Orleans LHM 7/22/64.

This investigation revealed that a member of the New Orleans Harbor Police had observed an unknown individual distributing leaflets about Cuba on the New Orleans river front near where the carrier "USS Wasp" was berthed during June 1963. This patrolman was requested by a naval officer aboard the ship to contact the unknown individual and request him to stop distributing the leaflets. The harbor patrolman obtained a couple of the leaflets from this individual and felt sure that this person was LEE HARVEY OSWALD and he based this identification on the fact that he had observed OSWALD on television and his photographs in the newspapers.

These two leaflets were submitted to the Latent Fingerprint Section of the Identification Division by New Orleans airtel 7/28/64. By airtel to New Orleans dated 7/31/64 the Bureau advised that one latent fingerprint had been developed on each of the leaflets submitted; however, the two latent fingerprints were not identical with the fingerprints of LEE HARVEY OSWALD.
